About Us

Our Organization...

- Is a 501(c)3 Non-Profit
- Was founded in 1944, making us Chattanooga's oldest land conservation organization
- Protects over 500 acres of wildlife habitat across Hamilton County
- Owns Audubon Acres, Maclellan Island, and 2 other properties inaccessible to the public
- Has a rich history of indigenous people groups including the Napochie and Cherokee people. Our archeology museum showcases this history and many artifacts.
- Our main property, Audubon Acres offers 5 miles of hiking trails over 130 acres on South Chickamauga Creek.

Our Mission

To educate and promote an understanding of the responsibility to preserve and protect our environmental, cultural, and historical resources through programming and stewardship

Elevate Your Corporate Event

Forget the same-old, same-old boardrooms, hotel ballrooms, and conference halls. Chattanooga Audubon Society offers a completely fresh take on corporate events, transforming routine meetings into unforgettable experiences. Imagine blending business with nature in ways that are not only unique but genuinely engaging.

Extraordinary Opportunities

Set Sail on the Goat Boat Adventure 🌿🚣

Picture this: your team cruising along the majestic Tennessee River on a private chartered "goat boat," laughter and conversation filling the air as you approach the renowned Maclellan Island. But this isn't just any island—it's home to a herd of friendly goats, the island's unofficial mascots! Get up close and personal with these quirky residents while soaking in the natural beauty of the river and its surroundings. It's networking, but with a twist of adventure and a splash of nature. For a real twist, have your group paddle out to the island on provided kayaks!

Walk on the Wild Side with a Naturalist 🌿

For those seeking to combine education with exploration, our naturalist walks offer an immersive journey through the diverse ecosystems of Chattanooga Audubon's stunning 130-acre sanctuary. Learn about native plants, wildlife, and conservation efforts as you traverse wooded trails, cross serene creeks, and discover hidden gems along the way. This is a perfect option for eco-conscious companies or those wanting to inspire their teams with the wonders of the natural world.

Birds of a Feather... Network Together 🌿

If your team prefers a more serene experience, the guided bird walk is a perfect fit. Stroll through scenic trails with binoculars in hand, guided by expert naturalists who will help you identify a variety of bird species. The calming ambiance of the great outdoors encourages conversation, creativity, and connections, making it an ideal backdrop for team bonding or casual client discussions. Plus, there's something special about sharing a bird sighting that brings people closer together!

Witness a Marvel: Private Animal Interaction

Want to make your corporate event truly unforgettable? Participate in a private rehabilitated animal release or engage with non-releasable education animals. Watch as a rehabilitated bird or small mammal takes its first steps or flight back into the wild or pet a possum as you learn about these miraculous creatures. This emotional and inspiring experience is a powerful reminder of the impact we can have on the world around us, and it's a story your clients and colleagues will tell for years to come. It's not just an event; it's a once-in-a-lifetime moment that will leave a lasting impression on everyone in attendance.
